Be a Part of the Magic!

Living with spinal muscular atrophy, seven-year-old Micah will never experience the joy of walking. Her illness has left her confined to a wheelchair. Despite her life-threatening challenges, her spirit has no limitations. When given the opportunity by the Make-A-Wish Foundation® to have her wish granted, Micah chose to take center stage and become a ballerina for a day. From her red carpet arrival to her shining moment on stage to her post-recital VIP party, Micah's wish was truly an unforgettable experience for her, her family and the entire community!

A Wish for Every Child

Each year hundreds of children are diagnosed with life-threatening medical conditions throughout the Northwest. In an instant, lives are forever changed. Carefree days spent laughing with friends are put on hold as children are catapulted into a strange and unfamiliar world filled with doctor's appointments, countless tests and great uncertainty.

Each and every one of these kids deserves a wish. They deserve a chance to be a kid and put aside the harsh realities of their life-threatening diagnosis. Together we provide these children and their families with a much-needed dose of hope, strength and joy. **Experience the joy of helping others during their time of greatest need by becoming an Adopt-A-Wish partner.**
